OVERVIEW

Through my experiences, I have learned where my strengths lie. I enjoy writing code and turning designs into interactive products through HTML and CSS. My goal is to continue growing my experience and knowledge in ways that allow me to tap into the creative and organized sides of my personality to create a product that is the best outcome for everyone.

STRENGTHS

- ★ Creative Thinking
- ★ Great Eye for Detail
- ★ Analytical Thinking
- ★ Extreme Efficiency
- ★ Teaching Skills
- ★ Organization
